## Antioch Township To Be 100 Years Old In April 1951

### Clerk VanPatten's Records Show Town Established In April 1850

Antioch Township will be 100 years old next April.

Records of Llewellyn R. Van Patten, Jr., town clerk, show the first entries in his record in April 1850.

The state assembly passed a law in 1849 providing for the setting up of townships if the counties desired them, and providing for a referendum the following year.

Lake county voted overwhelmingly for the plan and in April of 1850 the county was divided into townships. Some changes have been made since then, but Antioch township was one of the first established.

There is talk of a celebration of the centennial next year, Wauconda already having started its plans in that township.

A history of Antioch township will be compiled.

## Golden Glo Dairy Will Handle Luick Sealtest Products on all Routes

### George Borovicka Replaces Norman Jedele With Local Dairy

Starting Feb. 1 the Golden Glo dairy and its deliverymen will handle Luick milk and ice cream products from Milwaukee. It will continue with its own products.

The announcement came with the statement that George Borovicka has replaced Norman Jedele as a member of the Golden Glo Dairy firm which includes Herbert Horton and Bud Atkinson, son of Chief Deputy Sheriff Walter Atkinson.

The Luick Dairy Co., and Luick Ice Cream Co., divisions of the National Dairy Products Corp., make products under the name of Sealtest.

Borovicka said that the milk will have a 4 percent butter fat content, 75 percent higher than the requirement of the state of Illinois which is 3.25. It will be sold in paper containers. Mr. Borovicka, a registered chemist will carry on the testing of the products.

The salesmen will carry a full line of Sealtest products including chocolate milk in half pints up to any size, a full variety of flavors of ice cream including the monthly specials, ice cream cake, and weekly specials in novelty dairy products.

Sour cream will be sold in Anchor brand glass, and cottage cheese in bowls and Cinderella glasses. Usable glass products will be used as containers from time to time.

The Golden Glo routes go south as far as Northbrook.

## Frank M. Dubin, 62 Killed by Falling Tree At Cross Lake Sat.

Frank M. Dubin, 62, of Cross lake, was fatally injured early Saturday afternoon when he was crushed by a falling tree.

Mr. Dubin was helping Martin Kehoe cut down several poplar trees around the Kehoe residence. His grandson Robert, 20, held a rope tied to the tree as a guide. When the tree fell Mr. Dubin stepped between it and a parked car and the tree pinned him against a pipe carrier fastened to the right front fender of the truck, crushing his chest.

Brought first to a physician in Antioch by the Antioch Rescue squad, Mr. Dubin was given first aid treatment and then rushed to Victory Memorial hospital in Waukegan, but he died on the way there.

Born February 7, 1887 in Chicago, Frank M. Dubin lived there until 17 years ago when he moved to Cross lake. He was employed for a number of years as a sheet metal worker for the Robinson Furnace Co., 4600 W. Monroe st., Chicago, and was a member of the Sheet Metal Local No. 73 of that city.

He was a member of St. Peter's Catholic church in Antioch and a

## Educators Study Local High School Building

M. M. Craft of the state department of education inspected the Antioch Township High school Wednesday of last week and will give a written report later on his conclusions as to the needs of the school in view of increased enrollment.

Principal T. R. Birkhead said that he has obtained information for Dr. W. C. Reavis of Chicago university which he will give him today, and he expects that Dr. Reavis, after studying the material will bring his staff to Antioch next week to study the building and plan for its enlargement to accommodate more students in the future.

## Methodist Building Fund To Reach \$15,000, Campaign Ended Sunday

### Committee to Confer With Architects on Unit Building Plan

Pledges and other promises are expected to reach nearly \$15,000 in the building fund campaign of The Methodist Church of Antioch which officially came to a close on Sunday morning.

The local church was filled to capacity for the closing service of the crusade which was directed by Rev. A. L. Stevenson of the Board of Missions and Church Extension in Philadelphia. Mr. Stevenson commented at an afternoon meeting Sunday that the high percentage of pledges turned in was far above the normal for this kind of campaign and he felt that the spirit had been unusually high on the part of all the members and friends of the Church.

In his closing talk on Sunday afternoon Mr. Stevenson said, "Do not feel discouraged because you didn't attain your goal. I think you have done more than is normally done by a Church of the size of the Methodist Church of Antioch. I don't want to see this fine spirit and enthusiasm stopped. I suggest," continued the Crusade Director, "that you build in units and go as far as your money will allow you to go. This isn't the time to stand still. You must keep things going in the right direction; keep things moving. You shall have to change your building plans in proportion to the money you have available. So I suggest you begin something in the line of building so you may protect the splendid spirit you have shown during this drive."

In closing the afternoon gathering, G. Richard Tuttle, Antioch minister said, "I would hate to see us stand still. We must push on a limited scale. The crowded conditions are now affecting us and if this problem continues we will lose our children. Some children are not coming now because they do not have space to sit at their class room tables." In a further statement Rev. Tuttle said that he was tremendously gratified by the response of people throughout the community. There were an exceeding large number of church members who responded to the drive. At the service on Sunday morning there were 143 pledges turned in and since then several more have been received.

The building committee of the church will hold a meeting in the near future with Staben and Hooper, the architects, to draw up more detailed plans for submission to the Board of the Church.

## Channel Lake Scouts Receive Charter At Parents' Night Wed.

About one hundred persons were on hand last night at Parents' night of the Channel Lake Boy Scout troop. The troop, which has been lately organized, now numbers twenty-two scouts.

Three Scout Regional Commissioners were present to present the charter. The troop charter is number 86, Commissioner Harold Cardiff Antioch; Medill Radloff and Nick Boch, of Highland Park, were present as were members of the Scout Committee, Chairman Verne Heath and members Otto Hanke, Jr., Leonard Case, Hugo Swanson and Carl Bergdoff were presented with their cards.

Twelve boys received their tenderfoot pins in a candlelight service, and awards were made to several scouts for outstanding service. After the ceremony Scoutmaster Harry Plass, and Assistants Ray Atwood and Ken Woolner were congratulated for the fine showing made thus far with the scout organization at Channel Lake.

## Six Antioch Men Undergo Surgery During This Week

Waukegan hospitals were full of Antioch people during this week when six Antioch men were operated on and several others were in for observation and medical treatment.

Fire Chief Edgar Simonsen was operated on on Saturday for appendicitis removal, and was able to be returned to his home on Wednesday of this week.

While Simonsen was in St. Therese hospital, his room mates were all from Antioch also. Those who were in the room were Edward Sorensen, Frank Walsh and Pasquale Mezeuca.

Sorensen was operated on for appendicitis last Wednesday, as was Walsh on Thursday. Sorensen returned home on Sunday and Walsh was released from the hospital on Wednesday.

Mezeuca underwent an operation to remove an obstruction of the bowel.

Many others were also patients at Waukegan hospitals and among them were Elmer Baethke who was hospitalized on Sunday and was operated on for appendicitis on Monday. He is improving and it is thought that he will be able to come home sometime during the week-end.

Edwin Kania, of Woodcrest subd., Channel Lake, had an operation Friday of last week for appendicitis and other complications. He was released from the hospital on Tuesday.

Ben R. Burke, Spafford Street, Antioch, is a medical patient at Victory Memorial hospital this week. Barney Nevelier, Lake Marie rd., underwent an operation for hernia at Downey hospital last week. He returned home Tuesday, and reported that he had had a good time and is feeling fine.

Mrs. Wm. Kerr of Lake Villa is a surgical patient at Victory Memorial hospital, Waukegan.

Mrs. Joseph Gajewski of Antioch is also a surgical patient at Victory Memorial hospital.

Mrs. Harold Cardiff underwent a major operation at Victory Memorial hospital Jan. 10. She came home last Thursday and is convalescing at her home on North Ave.

The unusual number of patients who have been hospitalized during the past two weeks have given rise to a recurrence of the talk concerning the possibility and real need for a hospital here in Antioch.

## Lake Villa Men's Club Appoints Committees In Planning Activities

With appointment of several committees and an outline of plans for this year, the new officers and board of directors to the Lake Villa Community Men's Club agreed last week on a program designed to put juvenile activities and recreation above everything else.

The new slate, headed by Jere Hagen, Sunday Editor of the Chicago Herald-American, made it plain that by juvenile they mean to take in all the young people of Lake Villa Township from Cub Scout age through high school.

At the current directors' meeting of the club the two topflight considerations were:

(1) Clearing the last hurdles to open the Lake Villa library, which the Community Men's club sponsors and has financed, so that it will be available within a short time for the entire township.

(2) Instituting action so that the Boy Scout movement will be revived in Lake Villa and given the attention it deserves.

At the same time the directors laid plans to obtain outstanding speakers at the monthly meetings and to use movies as a supplement, rather than a feature of the program.

Club President Hagen got unanimous assent from the directors in outlining a slogan for the year:

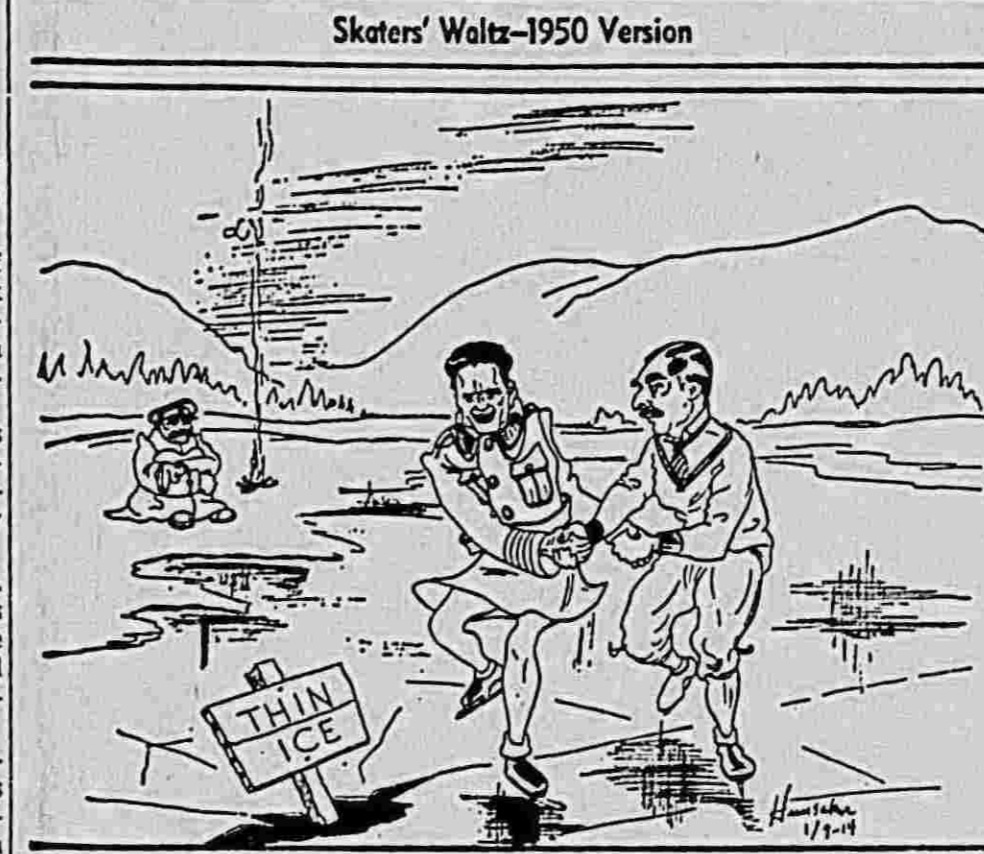

"The big thing is to do our part to make this a better community for all—and particularly our children."

## Taylor Tells Lions Tax Bill for County Nearly \$90 Million

### More Than Half Goes to the Federal Government; Much Hidden

"Government costs the people of Lake County nearly \$90,000,000 a year in taxes," Walton R. L. Taylor, Executive secretary of the Lake County Civic League, told the Antioch Lions' Club Monday night. Taylor itemized the county's total tax bill as: "for Federal government, our share of a billion dollar budget, \$18,000,000; for local government, the 1949 tax extension totaled \$10,700,000. Are you getting your money's worth?" he asked Lion members.

High spot of Taylor's program was the showing of a sound color film depicting an hour in the life of Henry Everyman from the time he turns off his alarm clock (price \$5 plus \$1.20 tax) until he kisses his wife (marriage license \$2) goodbye and leaves for his office in the morning. The only thing Henry did that was tax-free was to sigh and shrug his shoulders when his income tax blank came in the mail.

Taylor told how the Lake County Civic League, a non-profit organization, has saved taxpayers of this county more than \$300,000 in two years by getting the facts on local recommendations for economy and public expenditures and presenting sounder financing to public officials and citizens alike. He told how the League, with the cooperation of Antioch Township Supervisor Rosing and League Directors Vos, Olson, Jacobs and Wm. Brook had reduced the tax levy for Antioch Township Poor Relief at last April's town meeting, saving Antioch taxpayers more than \$4,000 in the process.

Taylor traced the history of the League from its founding in 1947 to its present status as a strong organization today, with nearly 1,000 members supporting its program of intelligent tax control, and with a board of directors controlling its policy, numbering more than 60 men and women.

"Membership in the League is open to all Lake County citizens who want to help their local governments do their job better," said Lion Bill Brook, League Director, who introduced Taylor to the meeting.

## Thor's Club Villa Wins Match Bowling Contest

In a match bowling contest Thor's Club Villa of Lake Villa defeated Feinberg Clothiers of Waukegan on Jan. 22 2794 to 2561 at the Antioch Recreation lanes. Club Villa took all three games.

The results were: O. Baker 179, 203, 175—551. V. Baker 168, 170, 160—498. F. Oglin 137, 145, 159—441. W. Baldwin 171, 211, 165—555. Geo. O'Flaherty, 179, 194, 145—510, totla 2561 for Feinberg's.

T. Pfeiffer 213, 153, 164—530. C. Russell, 148, 192, 166—506. B. Alfana 170, 166, 190—526. A. Lenarsic, 245, 202, 190—637. A. Johnson 193, 228, 174—595. Total 2794.

co-chairman; Paul R. Avery, Sr., Earl Caldwell, Burt J. Hooper, Burt Kanka, Leonard Kanka, Carl Meinersmann, Harry Pavel, Joe Nader, Sr., Arthur K. Olsen, W. T. Somers, W. Von Stoser.

Entertainment committee—William Marks, chairman; Ben J. Cribb, Don Cremlin, Rev. Bob Harrison, John Eder, John Henning, Jere Hagen as ex-officio.

## Antioch Nips Wauconda 44 to 35; Will Battle Grant Here Fri. Night

Antioch High turned back the Wauconda Bulldogs in basketball for the second time this year winning Friday night 44 to 35.

It was not without a battle, however, for the game was never won until the last few minutes of play. Wauconda led at the first quarter 10 to 9 but the Sequoits passed them at the half 22 to 20. The third quarter was played on even terms but in the fourth quarter Antioch started hitting the basket and rang up 15 points to the visitors' eight.

There were plenty of fouls and both teams lost two players. Cardiff and Wilton fouled out for the Sequoits and Weinberg and Porter for the Bulldogs.

Nolon of Wauconda was high point man with a 15-point credit. Buchta of Antioch was second with 14 points.

Antioch scored in 19 of the 69 attempts from the field and Wauconda 13 from 47 attempts.

The Papooses lost to the Wauconda Puppies 21 to 36.

Tomorrow evening the two teams will take on Grant here. Antioch won from Grant by 6 points in the first round of play at Ingleside.

## Maypole Bolts Primary to Run as Independent For State Legislature

George M. Maypole, Lake Villa, announced yesterday that he is withdrawing as a candidate at the Democratic primary and will run as an independent for the legislature from the eighth senatorial district next November.

Wrote Maypole: "In the light of recent developments, and basing my decision on my long experience in election procedure in this state, and the discovery that Democratic Bosses in Chicago are dictating the naming of the Democratic candidate for the Legislature in the 8th Senatorial District, for the purpose of keeping my name off the ballot in November, and the appreciation of the power of the Chicago political machine, I have come to the conclusion that it would be futile to combat them successfully in a Primary. I therefore am withdrawing my petition for nomination for that office."

"I am serving notice on the Chicago Political Bosses that at the proper time I will file a petition as an independent candidate for the Legislature in the election to be held in November."

## School Bond Referendums At Fox Lake and Gavin Defeated by Close Vote

Two school bond referendums in neighboring villages were defeated during the past week.

Fox Lake defeated a proposal for a \$50,000 bond issue to improve the grounds of the new addition and build a retaining wall, and Gavin district at Ingleside defeated a proposal for a \$90,000 bond issue to build four more class rooms.

The vote at Fox Lake Tuesday was 117 favoring improvements and 128 opposing it, while 115 favored the bond issue and 133 opposed it. The vote at Ingleside was 127 to 110 in opposition to the bond issue.

## Skating Party Planned To Boost Polio Fund Now Over \$640 Mark

### Collections at Theatres, Moose Give Check; and Private Gifts

The March of Dimes fund has reached \$640 on its way to the hoped-for goal of \$1500 for this community, with but a week of the campaign left.

The newly organized Loyal Order of Moose lodge No. 525 gave a generous check toward the fund this week.

Collections were taken Saturday and Sunday at the Lakes theatre through permission of William Lemke, and Sunday, Monday and Tuesday at the Antioch theatre through permission of Fred Swanson, owner.

Robert January, Richard and Warren Wells, the latter a recent polio victim, are sponsoring a roller skating party the proceeds from which will be turned over to the polio fund here.

The party will be at the Zion skating rink, one block north of Rte. 173 on Sheridan rd., from 8 to 10 p. m., next Tuesday, Jan. 31. Admission to the rink will be 50 cents donation to the polio fund.

An attempt to have as many persons possible present will be made and old and young are invited from Antioch, Lake Villa, Millburn and Gurnee.

Mrs. Donald Anderson, Mrs. L. J. Hybarger, Mrs. A. H. Kaufmann, Mrs. Hans Von Holwede, Mrs. Fred Pierce, Mrs. Carl Doty, Mrs. Chas. Maleck, Mrs. Lester Nelson and Miss Iris McKinney assisted at the theatres.

## Lions Club Will Seek White Way for Village at Next Board Meeting

An effort to get a "white way" for downtown Antioch is being made by the Lions club which will present the matter to the village board at its next meeting Feb. 7.

A committee composed of R. G. (Bud) Holtz, chairman, and William E. Brook and Frank Powles has learned that modern lighting can be arranged in the business section of Main and Lake sts. at a cost estimated between \$6,000 and \$7,000.

The club hopes that the village may have a fund which can be used for this purpose, and it has been suggested that possibly the parking meter fund can be made available. The lighting system under consideration is much like that on Washington st., in Waukegan.

The idea is considered a progressive one and an effort to keep Antioch business abreast of the time. At present the business district is rather dimly lighted.

## Allendale Defeats Antioch and Lake Forest

The Allendale Tigers won their seventh and eighth straight games last week by overcoming a stubborn Antioch five 38 to 13 last Wednesday at Antioch, and routing Lake Forest Day School 50 to 28 at Lake Forest Saturday.

Bert Heuer, the Tigers' star forward scored 14 points to lead both teams at Antioch. The win gave Allendale 5 wins against no defeats in Conference play.

The Allendale Juniors took over undisputed possession of first place in the conference by virtue of their 27 to 22 defeat of a spirited Antioch lightweight squad. The Antioch Juniors were undefeated in conference games until Wednesday, Szajek netted 11 points for the visitors Havildan led the losers with 10.

At Lake Forest Allendale found themselves hard pressed to win. Lake Forest lead throughout the first half, but baskets by Heuer and Seymour in the last thirty seconds of the 1st half found Allendale leading 22 to 20 at halftime. Lake Forest never threatened in the second half and Allendale coasted to a 50 to 28 win. Bob Seymour, spearheaded the Allendale five with 27 points.

The Allendale Juniors had an easier time against the Lake Forest lightweights swamping them 40 to 6. Bill Shipperley was high scorer with 20 points.

Conference games for this week, Gurnee at Round Lake, Antioch at Grayslake, Fox Lake at Allendale and Lake Villa at Gavin.

Gibbs Catches 100-Pounder E. R. Gibbs' latest catch of fish in the Miami, Fla., fishing contest was a 100-pound tarpon which has put him at the head of the list in the general division so far.

## Ready and Willing

The railroads are always ready to serve you. If you want to travel, a passenger train is waiting. If you want to ship freight, in large or small amounts, you know it will go through, swiftly, surely, and economically.

That kind of service is only made possible by a policy of never-ending expansion and betterment of all the facilities the railroads use.

In 1949, for instance, the American railroads operated each day a greater mileage of fast, modern passenger train service than ever before—and moved more tons of freight for each hour of freight train service than ever before. That is one of the results of the \$4,000,000,000 expenditure for improvements made by the rails since the war ended. They have installed nearly 300,000 new freight cars. They have built 4700 new locomotives. They have put into service enough new passenger cars to make up more than 300 streamlined trains. And they have improved everything that is needed to run a railroad.

The public has benefited immeasurably from such progress. The railroad owners, to the contrary, have not. In 1949, railroad earnings were disappointingly low—due in part to a decline in freight and passenger volume, and in part to the fact that operating costs have gone up faster and farther than rates and fares. The industry hopes for a better experience in 1950. In any event, the country has been given ever-improving service, and the railroads remain the backbone of our whole transportation system.

## Fire Kills the Helpless

The city of Memphis, Tennessee, was chosen from among 3,762 American and Canadian municipalities, fire departments and military establishments as winner of the 1949 National Fire Prevention Week contest sponsored by the National Board of Fire Underwriters and the National Fire Protection Ass'n. Second and third places among U. S. cities went to

Atlantic, Iowa, and Ft. Collins, Colorado. An international committee of judges based its decisions on the scrap books, clippings, photographs, records and motion picture evidence of activities during the Week.

The communities which won have cause for great and enduring pride. So have those which also competed but did not win. They can try again and do better. Here is one contest in which every city and town should participate.

A short time ago, the nation witnessed another horrible fire, in the hospital disaster at Davenport, Iowa which killed 40 mentally-deranged women in spite of heroic work by the firemen and others. The cause of this fire may never be known, but the building became an inferno with incredible rapidity. One good can come out of this ghastly tragedy—it should cause those in charge of all hospitals, public and private, to take full advantage of the campaign recently initiated by the National Board of Fire Underwriters to inspect the nation's hospitals, and to show how fire hazards may be eliminated. The inspections are being made by qualified experts, and have nothing to do with commercial aspects of insurance.

Once more fire has struck, killing the helpless. How many more object lessons are needed to get the fullest public cooperation for fire prevention?

## Control of Scarcity

Reader's Digest recently carried a revealing article by Henry J. Taylor on British business methods. The point of it is that, even before the Labor government came to power, free enterprise as we know it did not exist in England.

Mr. Taylor said, "It has always been legal for manufacturers, middlemen and retailers each to fix prices among themselves and, further, for all of them together to fix and enforce prices collectively at every step along the line. . . .

"Britain's system represents a control of scarcity."

The Portland, Oregonian, commenting editorially on Mr. Taylor's article, said, "There can be no free enterprise without competition."

It may be that past British economic policies were one reason why the country adopted socialism—government and business had been working together so long to control everything, at the expense of the consumer, that the people may have decided that they might as well go whole hog. In any event, the contrast with this country is glaring. Here every manufacturer competes with other manufacturers, and if an opportunity occurs to cut prices, and so get more business, it is seized upon with enthusiasm. Every retailer, whether it be a chain with hundreds of stores or a small operation with but one, is constantly looking for ways and means to attract customers—including lower prices, better service, and other inducements. This spirit—the spirit of open competition—is the very heart of free enterprise. And it's one reason we have abundance when most of the rest of the world has scarcity.

and Mrs. Chas. Britton served on the refreshment committee at the close of the meeting. The group voted to present a home talent play "Brides to Burn," a comedy at the school gym in the near future, and they also decided to buy an Electrolux vacuum cleaner for the church and parsonage. The group played games after the business meeting.

Village Clerk C. W. Reinbach announces that the 1950 fishing licenses have arrived and are ready for those who need them.

Mr. and Mrs. Lester G. Hamlin left Friday morning for Florida to visit Mrs. Hamlin's parents. Her father, Arthur Nauta has been very ill at Bradenton, Fla. Mrs. Hamlin's sister, Mrs. George Beemsterbaer and children, of Chicago, are staying at the Hamlin home.

Mrs. Al Boehm entertained the ladies of the Sewing club at a luncheon at her home near Wedges Corners Thursday afternoon and the 80th birthday of her mother, Mrs. Kate Manzer was celebrated. Mrs. Ruth Sheehan was a guest.

The W. W. Haerthers left early this week to spend a few weeks in Biloxi, Miss., and other interesting places in the Gulf States.

Mr. and Mrs. Billie Effinger are receiving congratulations on the birth of their second son at Condell hospital in Libertyville.

The Lake Villa P. T. A. met at the school gym on Monday evening, Jan. 16, and after the business meeting Rev. R. E. Harrison reviewed the book "Green Pastures" in a very interesting manner. Donna Reidel played a piano solo and also accompanied Carolyn Hath for a solo. The P. T. A. will sponsor a public card party and bunco party at the school gym on Friday evening, Feb. 3. There will be plenty of prizes and refreshments.

## Church Notes

The Community Youth Fellowship organized and elected officers last Sunday evening. They were as follows: President, Marlene Barron; secretary, Caran Martin; and treasurer Jill Mahoney. Mrs. John Perry will be the adult counselor. A Valentine party is being planned for February. The principal project at this time is the girl's basketball team which shows a good chance to win the church league. It has won two games already, defeating Antioch and Wesley Chapel by decisive scores. Next week the entire youth division will meet for business and recreation and go to visit the Village hall. Sunday, Jan. 29, will be

another great day in the life of young people of the church. In addition to the regular Sunday school classes for all ages the third of a series of sermons entitled "If I Were Young Again", will be featured along with special music from the Junior choir and possibly a new Youth choir made up of high school young people. This series of sermons have proved very popular and a goal of 125 is being set for attendance for this Sunday. Providing the epidemic of sickness in the

community subsides it is most likely that this goal will be reached. Gifts for the church have been making this January like December. The Men's club, promoter of all youth projects in the community have contributed a substantial amount of the budget of the girl's basketball team. Mrs. Art Olson has given a complete table tennis table and equipment which will be used by the high school fellowship and the old one turned over to the in-

## Uncle Sam Says

That old saw about opportunity must be revised. The new version is—Opportunity Knocks but Once—a Week. Every payday you have the opportunity to do something about those things you want in the future. All it takes is a little slice of that paycheck invested regularly in U. S. Savings Bonds. There are two ways to make that future secure—the Payroll Savings Plan where you work or, if self-employed, the Bond-a-Month Plan where you bank. In ten years, every \$3 invested brings back \$4.

**Pliny on Grasshoppers**  
Grasshoppers three feet long with legs strong enough to use as saws were reported to Rome by Pliny on a visit to India 1,900 years ago. They set the pattern for 20-foot specimens covering a modern railroad flatcar, as proved by postcards issued from America's Midwest.

## Tuberculosis Preventible

Tuberculosis is caused by a germ, the tubercle bacillus. The disease is spread by people who cough up germs. If treatment were provided for all persons with active disease, the spread of TB could be prevented. Yet, it is estimated there are 500,000 people in this country with active tuberculosis, only half of whom are known to health authorities.

## Storied Mountains

For many years Americans have sung of Greenland's icy mountains. Aside from those lying along the island's shores, however, no one has seen them. Interior mountains, if any, are covered by the Greenland icecap.

## Why Should a Dollar's Worth of Travel Continue to Cost You \$1.15?

"IS THIS TRIP NECESSARY?" you were asked in 1941, when every inch of space was needed for troops and war supplies.

To discourage travel then, a tax was added on your travel dollar, a tax that grew to 15% during the war. The Federal Government collected it through the railroads. The Government still collects it, though your travel need not be rationed now.

Today, the original purpose of this tax is as obsolete as an Air Warden's helmet. But, four years after the war's end, YOU are still paying the Government at the rate of \$250,000,000 a year in travel tax.

And, of the billion and three quarters collected since 1941, over half came out of your pocket after the green light on travel went on again.

You don't have food rationing today... you don't have gasoline rationing today.

Yet, a very real brake is still being put on travel. On a coach trip from New York to Chicago, for example, YOU are still paying \$4.61 in Federal tax.

And the same with the goods that are shipped to your home community. On every dollar you pay for freight, you pay the Government an extra 3 cents (4¢ a ton on coal). That means YOU are still paying over \$300,000,000 a year—freight tax alone.

This tax should be repealed NOW. There is no longer any reason you should pay \$1.15 for every dollar's worth of travel... \$1.03 for every dollar of railroad freight.

## A Famous Mother to Son Letter

In 1781 Andrew Jackson, then 14 years of age, enlisted in the American Army was captured and thrown into prison, where he had smallpox. His mother, Elizabeth Hutchinson Jackson, through exchange, arranged for his release and nursed him back to health.

Responding to an urgent appeal, she left him to go to Charleston to nurse some sick neighbors who were confined there on a British hospital ship. This errand of mercy cost her life. She caught yellow fever and died. Almost her last words to her young son were:

Andrew, if I should not see you again, I wish you to remember and treasure up some things I have already said to you. In this world you will have to make your own way. To do that, you must have friends. You can make friends by being honest, and you can keep them by being steadfast. You must keep in mind that friends worth having with in the long run expect as much from you as they give you. To forget an obligation or to be ungrateful for a kindness is a base crime—not merely a fault or a sin, but an actual crime. Men guilty of it sooner or later must suffer the penalty.

In personal conduct be always polite but never obsequious. None will respect you more than you respect yourself. Avoid quarrels as long as you can without yielding to imposition. But sustain your manhood always. Never bring a suit in law for assault and battery or for defamation. The law affords no remedy for such outrages than can satisfy the feelings of a true man.

Never wound the feelings of a true man.

Never brook wanton outrage upon your own feelings of others. Never brook feelings. If ever you have to vindicate your feelings or defend your honor, do it calmly. If angry at first, wait until your wrath cools before you proceed.

These words were repeated by Andrew Jackson on his birthday, March 15, 1815, at New Orleans to three members of his military family. Major John H. Eaton, Major William B. Lewis and Captain W. O. Butler. "Gentlemen," said General Jackson, "I wish she could have lived to see this day. There never was a woman like her. She was gentle as a dove and as brave as a lioness. Her last words have been the law of my life."

## For the Cooks

Almost as famous as the note, for which it was named, the Bismarck Egg Pancake has long been a popular standby by the diners at this old Chicago hostelry.

The following recipe is supplied to their guests. Mix ¼ cup of flour and ¼ cup of milk well. Add a pinch of salt and yolks of four eggs. Beat whites or eggs stiff and fold in stirring slowly. Pour one cup of batter into well buttered and very hot skillet. When slightly brown, flip over and put into hot oven for four minutes. May be served with Lingon berries, apple sauce or jelly as desired, placed on the flat pancake and then rolled and sprinkled with powdered sugar. This serves two persons.

## Miss Cobb Becomes Bride of R. Thomson

In recent candlelight ceremony at Millburn Congregational church Miss Johanna Hope Cobb, daughter of Mr. and Mrs. Raymond Cobb, of Lake Marie, became the bride of Richard Thomson, son of Mr. and Mrs. James Thomson, 1255 Pleasant Ave., Highland Park.

The Rev. L. H. Messersmith officiated at the double ring service, and the bride was given in marriage by her father.

For her wedding Johanna selected a floor-length white satin gown trimmed with lace. Her fingertip veil was held in place by a tiara entwined with seed pearls. She carried a bouquet of white roses and carnations.

Her maid of honor Miss Lois Reigler wore a dusty rose gown, her flowers were pink and white carnations. Miss Joanne Dietrich and Mrs. Fred Roscher were bridesmaids, they wore yellow and blue gowns, their flowers were carnations.

Best man was Ronald Sheppard and the ushers were Bruce Thomson and Fred Roscher.

Mrs. Frank Edwards presided at the organ, and Miss Louise Erickson sang "Because," "I Love You Truly" and "The Lord's Prayer."

A reception was held in the church parlors with Mrs. William Combee presiding at the coffee table, Miss Betty Cobb poured and Mrs. Don Cartwright cut the wedding cake and Miss Charlotte Smith cousin of the bride had charge of the guest book.

After a short honeymoon in Wisconsin, the young couple will be at home at 314 Wisconsin Ave., Lake Forest.

## Robert Sr. and Mrs. Runyard Will Observe Their Golden Anniversary Next Sunday

Mr. and Mrs. Robert Runyard, Sr., 303 Park Ave., will hold open house Sunday afternoon, January 29, from 2 until 5 o'clock, celebrating their golden wedding anniversary.

Mr. and Mrs. Runyard were married on February 1, 1900, at Grass Lake, by the Rev. E. J. Aiken of the Antioch Methodist church. Mrs. Runyard is the former Alma Little.

Their children, Mrs. Roy Kufalk, Antioch, Robert, Richmond and a foster son, Orville Hawkins, Waukegan and their families will be present for the occasion. They have six grandchildren.

Mr. Runyard, who will be 74 in April, was born near Trevor, Wis., where he attended school. Mrs. Runyard, who was 71 last September, was born at Grass Lake and attended the Grass Lake school.

Mr. Runyard is a retired farmer. They lived their entire married life in this community and thirty years on the same farm on Rte. 59, across from the Emmons school. They moved to Antioch 12 years ago.

Due to Mrs. Runyard's health, the family has asked friends not to send flowers.

### ANTIOCH GIRL BECOMES BRIDE OF J. G. WALKER IN MICHIGAN RITES

Fragrant white flowers decorated the altar of St. Cecilia church in Detroit, Mich., on Saturday, Jan. 21, for the wedding of Jean Hughes and James Gaynor Walker.

The Rev. Father Francis P. Kelly, of Assumption College, a friend of the bridegroom, read the rites at 12 o'clock, after which a reception took place at the Dearborn Inn, Dearborn, Mich.

Jean's parents are Mr. and Mrs. Alexander G. Hughes, of Antioch, and James is the son of Mrs. Joseph V. Walker, of Oakman Blvd., Detroit.

The bride's wedding dress was of white lace, over a nylon silk under-dress of palest pink. The high-necked, fitted bodice was styled with a small, round collar and long sleeves, and the full, flared skirt was ballerina length. Her small-brimmed pink hat was adorned with little sprays of pink lilacs veiled in matching maline, and she carried a fan-shaped arrangement of white roses.

Mrs. Joseph P. Thompson, as matron of honor and the only attendant, was dressed in toast-colored lace over apple green taffeta, designed with a shawl collar and ballerina length skirt.

Green flowers and maline trimmed her small-brimmed, toast-toned hat, and her fan arrangement was of talisman roses.

John T. Walker was his brother's best man and seating guests were Charles Lenstead and John Burkhardt.

Mrs. Hughes wore slate blue silk shantung for her daughter's wedding and her contrasting flower-trimmed hat was of pink felt.

Mrs. Walker was in royal blue velvet and a small shirred hat in shades from gray to deep blue. Both mothers wore corsages of rosebuds.

The newly-wedded couple left by plane for a short stay in Bermuda after which they will spend a few days in Washington, D. C. They will make their home on Corbett Ave., in Detroit.

The bride is a graduate of Antioch Township High school and DeKalb Teacher's college. Until her marriage she was employed as air hostess by TWA.

Mr. Walker attended both high school and college in Detroit and is employed by Petzold Motor Sales.

Those attending from Antioch were Mr. and Mrs. Alexander G. Hughes and Miss Joan Hughes and Mr. and Mrs. Warren P. Erickson, Miss Margaret Hughes, Miss Julia Hughes and Miss Myron Gaddie, of Chicago were also present.

The Episcopal church of St. Ignatius of Antioch will celebrate its patronal festival on Wednesday, commencing a series of observances of the parish's thirty-fifth anniversary.

St. Ignatius, Bishop of Antioch, in Asia Minor, about 110 A. D., is the patron saint of the parish. One of the first Christian martyrs, his epistles or letters are older than some sections of the New Testament. The naming of the Episcopal parish here in his honor has great significance, for it was in Antioch, Asia Minor, that Christians were first called. Bishop Ignatius' writings on the Ministry of the Church are also of great value, the Episcopal Church being "a Church of Bishops."

To celebrate the day, the Reverend Roberts E. Ehr Gott, Priest in Charge of St. Ignatius will offer the Holy Eucharist in the church at 10:30 Wednesday, Feb. 1st. He will be assisted by the Rev. Percival J. Jamieson. After the Eucharist, the Te Deum will be said, followed by the General Thanksgiving. Episcopal Clergy from Lake and McHenry counties will attend the services, and meet afterwards for a luncheon in the Rectory. The public is invited to attend the Eucharist.

## Frank M. Duben . . .

(continued from page 1)  
member of the Holy Name society of that church.

Surviving are the wife Margaret, three daughters, Mrs. Agnes Durlak, Chicago; Mrs. Pearl Scully and Miss Margaret Duben of Antioch; two sons Harry of Chicago and Robert of Antioch, and four sisters, Mrs. Tillie Schultz, Mrs. Lou D'Zur, Mrs. Marie Philippi, and Mrs. Mary Mehling, and eleven grandchildren.

The body rested at the Strang funeral home Sunday with Rosary held Sunday evening after which he was taken to a chapel at 5844 Milwaukee ave., in Chicago where a funeral service was held at 9:30 a. m. followed by another service at St. Cornelius church, Long and Foster ave., at 10 a. m. Burial was at St. Joseph cemetery, River Grove, Chicago.

## Scully Appointed Head Of U. S. O. Drive Here

Anthony J. Scully has been notified by Delmar F. Robb, state United Service Organization field representative at Springfield, Ill., that he has been appointed director of the U. S. O. campaign in the Antioch area.

The drive for funds will start Feb. 1 and will last two weeks.

Scully, informed of the closing of many U. S. O. buildings including the one in Waukegan said that such action probably meant a redoubling of efforts in raising money to place them in use again.

## Wainscott Will Speak Before Men's Class at High School Wednesday

L. F. Wainscott will be the speaker next Wednesday night at the adult evening class of men at the High school. Mr. Wainscott is now operating a windbreak service in Belvidere, Ill. He was formerly with the Soil Conservation Department of the U. S. D. A.

His topic for the evening will be "Soil Conservation and Natural Fertilizers". This meeting should be very educational and interesting, the teacher August Wickert said.

Last night the class met for the fourth time and discussed crop rotations and their effect on soil fertility. Mr. Wickert lead the discussion and cited several experiments which have been carried out on the famous Morrow Plots at the University of Illinois where different crop rotations have had different influences on the yield of corn. A rotation of corn, oats and clover with soil treatment of manure, lime and rock phosphate grown on the same soil for 42 years has increased the yields from 55 bushels per acre in 1904 to 95 bushels in 1946. On the same soil where corn was grown every year with no soil treatment the corn yield dropped from 40 bu. to 23 bushels in 58 years.

Albert Barnstable III, an employee at the Mather grocery, suffered a slight stroke of paralysis Saturday night after returning home from work. The Antioch Rescue squad was called to give first aid and Mr. Barnstable was then placed under the care of a physician. He is still confined to his bed.

Mrs. M. M. Stillson, Mrs. Mary Ellis, Mrs. Edna Drom and Mrs. Opal Cobb recently attended installation of officers of Rebekah Lodge at Libertyville, where Mrs. Stillson Ehrig's mother, Mrs. R. E. Ehrig served as Deputy Financial secretary.

Visit Zion Industries  
The Home Economics class of the Antioch Township High school visited the cooking and candy plant of the Zion Industries one day this week in observing baking and cooking procedures.

## Chicagoan Will Speak Before Adult Education Class Next Wednesday

The adult education class will be host to Erma Harding, home economist for International Harvester Co., of Chicago on Wednesday evening, Feb. 1. She will give a food demonstration which should be of utmost interest to all women.

At the last meeting the class thoroughly enjoyed an informal lecture from Atty. Thompson. He discussed such important topics as insurance and taxes and how they fit into a homemaker's budget.

The class is open to all women interested in learning and sharing their knowledge of homemaking. The demonstration by Miss Harding should prove to be one of the high lights in the present series of lessons. It will be held in the Home Economics laboratory.

## JAMES BANKS, FORMER RESIDENT OF ANTIOCH DIES IN GRAYSLAKE

James Henry Banks, 51, of Grayslake and a former resident of Antioch, passed away Tuesday, Jan. 24, at his home north of Grayslake. Mr. Banks for the past twenty-eight years was employed by the Lake County Highway Department.

Funeral services were held at Kenosha Saturday for Otto Luedtke, formerly of Wilmot and burial at the Wilmot cemetery.

Wilmot won from the Norris Farm Friday evening by a score of 62-44, their seventh win in the league. Wally Skora had a hot night at the nets, hammering home 14 points on seven field goals. Richter was only behind on field goals but added three from the charity stripe to be top scorer for the night. Survillas and Phil Brehm with eight tallies apiece were also instrumental in mounting up the Wilmot score. Drott's 10 tallies and nine each for Spink and Dreger made them the most impressive players for Norris club.

Wilmot made out for 20 points in the first quarter, added 16 in each of the next two quarters and tapered 10. Norris registered 14 points in

second quarter and 15 down the stretch. On Thursday, Wilmot resumes the league title chase, playing Union Grove at Sturtevant.

A request for a special meeting of the Wilmot high school district to vote upon a \$350,000 addition to the present school building has been presented to the school board. Alfred Oetting, clerk of the board, confirmed the request Friday. The new development further complicates the controversy over the location of the high school in the Wilmot district. The school board is also faced with demands for an election on building a new school outside of Wilmot. In fact the board faces court action started by residents of the district seeking to force the election. On Nov. 15, 1949, the school

board was served with petitions signed by 2,635 voters asking that an election be held on the question of building a new school more centrally located within the school district. On Jan. 5, 1950, the Central High School association said it would take the matter to court if the board did not act on the petition before Jan. 20. The school board replied that the petitions were in the hands of the board's attorney and no legal opinion had been returned as yet.

The Association plans a meeting Monday to discuss bringing the matter into court. The request for a special meeting was presented to the school board on Wednesday. It was signed by more than the legal number required on such a petition.

Oetting said 15 signatures are necessary, but about 20 names were on the request. The school board decided to refer the matter to its attorney also for an opinion. Where the board was once faced with one election it now finds itself faced with two. Feelings run high on both sides. Most people at the western end of the county feel the high school should stay at Wilmot, for the sake of tradition. If nothing else, Residents in Paris and Bristol, and possibly a good share of Brighton townships, favor a new school building more centrally located. The entire discussion started May 1949, when the Wilmot district was enlarged to include all land west of Highway 41. An addition to the present school was approved at the annual district meeting in August, but the attorney general of Wisconsin intervened, claiming the ballot used in deciding the issue was illegal.

# We take the Woes and Worries out of Weather

ONE of the grandest things about your Buick is the way you can ignore the season—chew your way through gravel and dust alike, splash through the wet stretches, snug and secure even on slippery pavements.

But bear this one thought in mind...

Rough road conditions call for special attention to your lubricants. Tires should be checked for correct inflation—for deep, clean tread that bites on a slick surface. Brakes won't stop you with a sure and gentle touch if the master cylinder needs more fluid, or if an air-bubble has worked itself into the line. These things, and more, should be checked to keep your Buick at its best.

If that sounds like more than one thought to bear in mind—just drive into our shop and tell the man, "LUBRICARE, please."

Our winter Lubricare treatment covers all these points—with specially trained mechanics following factory specifications as they go over your car from end to end.

Drive in this week, why don't you? The price is surprisingly low. The peace of mind is priceless.

## LAKE VILLA

Continued from preceding page  
intermediates. The ever-generous Halcyon group has voted to purchase a new vacuum cleaner for the church and parsonage. And a shipment of 30 new Methodist Hymnals has arrived as a part of the memorial created by friends of the late Dan Boyer, who was for many years a great friend of the church.

Parents who bring their children to Sunday school and return an hour later for them should find something of value in the University of Life, an informal adult group which meets in the parsonage from 9:45 until 10:45 for coffee, chatter, devotions and a lively discussion of topics of mutual interest. Such mothers and fathers are invited to attend without any special "dressing up."

The Halcyon group is sponsoring another comedy-farce to be presented soon. It bears the name "Brides to Burn."

SOS. Help wanted! The Young People of the community church, made up of people from many different subdivisions and churches desire help in starting a square dance club, but lack someone to teach them. Is there someone in the area who likes young people and likes to square dance who would give a fine bunch of kids a hand? If so contact the minister at Phone 4871. Sunday afternoon, another meeting of the well-known Chicago School of Religion faculty will be in the Lake Villa church for a training session from 3-5 p. m. She will give help particularly in the field of the primary department. Teachers, parents, and prospective teachers of Lake Villa and surrounding churches are invited to attend. The last session on kindergarten work proved most stimulating. These training opportunities are sponsored

by the local Board of Christian Education under the able leadership of Delbert Sherwood.

The women of the church are co-operating with the nursery department superintendent, Mrs. Wm. Howard, in promoting a "shower" of useful articles for the use of children in the nursery. It is the hope that the nursery can become a well-equipped integral part of the church.

## CERTIFIED COPY OF RESOLUTIONS OF THE BOARD OF DIRECTORS OF THE STATE BANK OF ANTIOCH

At a meeting of the Board of Directors of the State Bank of Antioch held on October 20, 1949 the following resolutions were adopted:

WHEREAS by Section 17 of "An Act to revise the law in relation to promissory notes, bonds, due bills and other instruments in writing" approved March 18, 1874, as recently amended, it is provided in part that any bank doing business within the State of Illinois may select any day of the week to remain closed and that any act authorized, required or permitted to be performed at or with respect to such bank on a day which it has selected to remain closed under the provisions of said Act may be performed on the next succeeding business day; NOW THEREFORE, BE IT RESOLVED that pursuant to all the provisions of the aforesaid act this bank hereby selects and designates the fourth day of the week, commonly called Wednesday as the day of the week to remain closed, commencing with Wednesday the 7th

day of December, 1949.

BE IT FURTHER RESOLVED that the President of this Bank, the officer having charge of the records of this bank, shall be and is hereby directed to certify a copy of these resolutions, to file the same with the Recorder of Deeds of Lake County and to publish notice of said closing at least once each week for three successive weeks in a newspaper of general circulation in such county, all prior to the date of such first closing.

I, the President of the State Bank of Antioch, do certify that the foregoing is a true copy of resolutions adopted by the Board of Directors of the said Bank at a duly constituted meeting of the said Board held on the 20th day of October, 1949 and entered upon the regular record book of said Bank.
